

Thursdays, 10:00-12:00

FMI, Room 060/0.61

LECTURE FALL SEMESTER 2025

G3: Frontiers in RNA Biology #13186-01

Organizers/Hosts: Marc Bühler, Jeffrey Chao, Helge Grosshans

Program

10:00-10:45	Lecture for students
11:00-12:00	Public seminar
Later	Meeting lecturer with interested FMI staff

18.09.	RNA interference	Marc Bühler FMI, Basel
25.09.	mRNA translation	Georg Stöcklin Med. Fak. Mannheim, Uni Heidelberg
02.10.	RNA viruses	Volker Thiel University of Bern
09.10.	RNA processing in the nervous system	Valérie Hilgers DBM, Uni Basel
16.10.	microRNAs	Karina Jouravleva ENS, Lyon
23.10.	RNA export	Tobias Williams FMI, Basel
30.10.	Germline small RNA pathways	Pei-Hsuan Wu University of Geneva
06.11.	RNA regulation in bacteria	Olivier Duss EMBL, Heidelberg
13.11.	RNA modifications	Jean-Yves Roignant University of Lausanne
20.11.	Nuclear RNA processing	Torben Heick Jensen Aarhus University
27.11.	Molecular mechanisms of function and regulation of RNA helicases	Sutapa Chakrabarti Freie Universität Berlin
