Seminars on Drug Sciences (SDS)

Wednesdays 17:15 - 18:15
Lecture Hall 1, Pharmazentrum, Klingelbergstrasse 50, 4056 Basel

Mar 16, 22 Prof. Dr. Christoph Hess, Dep. Biomedicine, University of Basel and Dep. of Medicine, University of Cambridge
“Tuning memory with magnesium”
Host: Prof. J. Huwyler

Mar 23, 22 Dr. Dario Neri, Philochem AG, Otelfingen, Switzerland
“From encoded combinatorial libraries to clinical-stage targeted therapeutics”
Host: PhD Association and PhD Program for pharmaceutical sciences

Mar 30, 22 Prof. Dr. Michael Nash, Molecular Engineering Lab at the University of Basel (Department of Chemistry) and ETH Zurich (Department of Biosystems Science and Engineering), Switzerland
“Stimuli-responsive proteins for bleeding control”
Host: Prof. D. Ricklin

Apr 06, 22 Dr. Annabelle Varrot, CNRS Research Director, Structural and Molecular Glycobiology Team, CERMAV-CNRS, Grenoble, France
“Fungal Lectins: Drug Targets and Biomolecular Tools”
Host: PD Dr. Said Rabbani / Prof. D. Ricklin

Apr 20, 22 Prof. Dr. Leonard Kaysser, Universität Leipzig, Institut für Pharmazie, Lehrstuhl für Pharmazeutische Biologie, Leipzig, Germany
“Biology, Biosynthesis and Therapeutic Potential of β-Lactone Protease Inhibitors”
Host: Prof. R. Teufel

A streaming option (Zoom) will be offered for external viewers who do not require the credit points.
The Zoom link for the lecture will be provided on ADAM or by Manuela Rogalski
(Note to manuela.rogalski@unibas.ch until Wednesdays 11:30 am)

There will be no seminar on: February 23, March 02, March 09 (Fasnacht) and May 25 (Auffahrt)
Seminars on Drug Sciences (SDS)

Wednesdays 17:15 - 18:15
Lecture Hall 1, Pharmazentrum, Klingelbergstrasse 50, 4056 Basel

"Surveillance and Prescribing Support for Antimicrobial Stewardship Resource Capacity Building (SPARC)"
Host: Prof. S. Allemann / Prof. em. K. Hersberger

May 04, 22  PD Dr. U. Duthaler, Clinical Pharmacology & Toxicology, Psychopharmacology Research, University Hospital Basel, Basel, Switzerland
"Ivermectin: Problem Child and Wonder Drug"
Host: Prof. M. Liechti

May 11, 22  Prof. Dr. Marko Anderluh, Department of Pharmaceutical Chemistry, Faculty of Pharmacy, University of Ljubljana (Slovenia)
"Discovery of New DNA Gyrase Inhibitors"
Host: PD Dr. O. Schwarz / Prof. D. Ricklin

May 18, 22  Prof. Dr. Sascha Fauser, Global Head of Ophthalmology, Roche pRED, Switzerland
"New therapeutics for age-related macular degeneration."
Host: Dr. P. Detampel / Prof. J. Huwyler

Jun 01, 22  Prof. Dr. Martin Hersberger, Laboratory for Clinical Chemistry and Biochemistry, University Children's Hospital Zurich, (Kispi), Zurich, Switzerland
"Was macht der Fisch in der parenteralen Ernährung, What is the fish's role in parenteral nutrition"
Host: AlumniPharma (Prof. D. Ricklin/Prof. em. K. Hersberger)

A streaming option (Zoom) will be offered for external viewers who do not require the credit points. The Zoom link for the lecture will be provided on ADAM or by Manuela Rogalski (Note to manuela.rogalski@unibas.ch until Wednesdays 11:30 am)

There will be no seminar on: February 23, March 02, March 09 (Fasnacht) and May 25 (Auffahrt)
