

New Approaches to Combat Antibiotic-Resistant Bacteria

Ascona, Switzerland - June 9-13, 2024

Bacterial infections represent an urgent threat to human health worldwide. This conference bids to review the current knowledge on bacterial physiology in patients; outline the development of relevant in vitro models to study the underlying molecular mechanisms and provide an overview of novel intervention strategies.

Keynote Speaker:

Evelina Tacconelli – University of Verona

Confirmed Speakers:

- Manuel Amieva
- Ana Rita Brochado
- Heike Brötz-Oesterhelt
